**Professional Experience**

**Visual Design Lead** Feb 2012 – Present  
**Novetta Solutions (formerly IBG) , McLean, VA**

Leading design direction and overseeing a design team for web graphic design projects for various customers. Support commercial marketing with print design, advertising collateral, web and print graphics. Led the unification of IBG's branding, from marketing materials, to print and digital communication media and products/services.

**Senior Web, and Graphics Designer** Sept 2010 – Feb 2012  
**Circinus - LLC , Ft Belvoir, VA**

Responsible for creating and directing the creation of web sites, graphics, print materials, branding and identity packages. Also designed distance learning courseware and was responsible for the branding, visual design and the UI/UX design of Microsoft SharePoint Portals.

**Senior Web, and Graphics Designer** Nov 2009 – Sept 2010  
**Auburn Document Centre, Auburn, NY**

Responsible for the design and directing the design of web sites, web graphics, interactive media, and print items. I also led clients through each phase of the project from initial meetings to proposals, budgets and deployment of the final product.

**Distance Learning and Web Designer** Aug 2007 – Aug 2009  
**Lockheed Martin / Circinus – LLC, Newington, VA**

I worked with subject matter experts to develop distance learning courseware. I designed web portals for two different client programs to be used as collaborative and informative tools for thousands of students across the globe. I also assisted instructors in designing learning materials for classroom use to include; graphics and flash media items for on screen presentations, banners, book covers and graphics/layout support for textbooks.

**Information Systems Chief / Web Designer** July 2003 – July 2007  
**United States Marine Corps (Active Duty)**

I was responsible for the design of web sites for several Headquarters elements and for administering and designing SharePoint Portals.

**Professional Achievements**

In the past four years I have created web sites/portals for over two dozen different businesses and organizations. These include websites for retail businesses, a church, a medical professional, counseling organizations, US Army commands and components and service providers. I have also created branding items and marketing materials for over 10 businesses and organizations as well.

**Education**

Associate of Science, Art Institute of Pittsburgh - Web and Interactive Media  
CompTIA Certifications – Security+ (2010) Sever+ (2011)
